Residential rates for water, sewer, and garbage:

Water: Culinary water rates have changed. However, you are billed at the new rate only after pressurized irrigation is available in your area. For those areas that do not have pressurized irrigation available the base rate is \$10.00/month for up to 10,000 gallons. When the meter is read your bill will be adjusted for any water usage over the 10,000 gallons/month already paid for. The usage charge for this is \$.75/1000 gal up to 100,000 gal and \$1.00/1000 gal for usage over 100,000 gal. For areas that have pressurized irrigation available the base rate is \$14.00/month for up to 6,000 gallons with an additional overage charge as demonstrated in the tiered rate schedule shown. Meter readings are done in March, June, August, and October.

CUP Water: \$5.00/month. American Fork City has contracted to purchase water from Central Utah Water Conservancy District. The City is collecting an equal amount from every home or business to make the annual payments.

Sewer: Base rate is \$22.50/month. Sewer is set for 1 year based off of the March meter reading. The base rate covers 6,000 gallons/month. Any usage over that is charged \$.85/1000 gal.

Garbage: \$10.00/month for the first can. Upon request, additional cans are \$6.65/month. Garbage day is on Thursdays for the whole city. Garbage must be curbside by 7:00 a.m. New construction homes may put their garbage out in black plastic bags if the first can has not been delivered yet. Once a can has been delivered all garbage must be in the can.

Recycling: Upon request, it is \$4.50/month. A pick-up schedule and list of what is accepted may be obtained at the Administration Office (51 E Main) or on the City's website. If the can has not been delivered by the pick-up day, recyclables may be placed at the curb in white plastic bags.

Drain: \$4.00 fee is added to each account to help upgrade and maintain the drain system.

Late Fee: Utility bills are due by the 20th of the month. Any balance left owing after the 20th will receive a late fee which is 10% of the current month bill.
